

Calling all children, parents, grandparents, teachers,
and friends of Nelson Place School!

Poetic Minds At Work-our collection of original poems- is going on sale this week for \$10.00 a copy. Please consider purchasing at least one copy-they will make great Mother's Day presents! At the same time, your purchase will help improve the lives of many children.

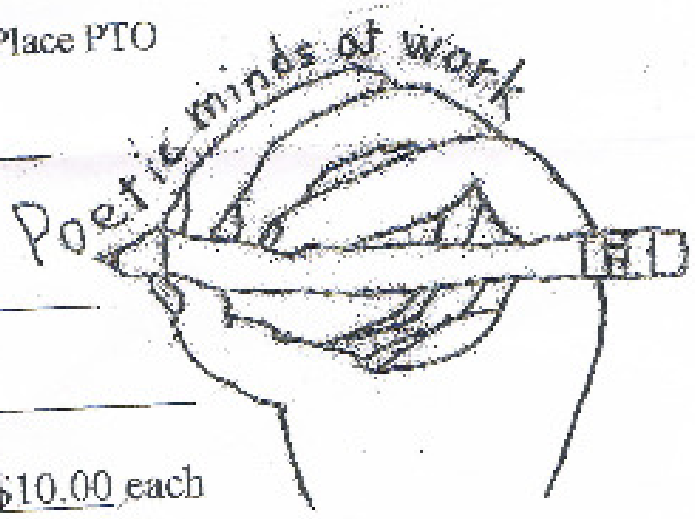

The majority of the profits earned from the sale of this unique collection of original verse will be donated to "The Hole In the Wall Gang" Camp Association. This organization provides free residential camps and hospital outreach programs to seriously ill children. Your purchase will help Nelson Place School bring its own special magic to these children!

We are also hoping to make enough of a profit to purchase some books for the library at Belmont Street Community School.

Please complete and return the order form below- please order early-books will be sold on a first come, first served basis!
